

2411131578 Zigbee Certification Deferral GSDK 4.4.3 , 4.4.4

Bulletin Issue Date: Nov 13, 2024

Effective Date: Nov 13, 2024

Description of Change

ZCP certification is being deferred for GSDK 4.4.3 and 4.4.4

Reason for Change

GSDK 4.4.3 and 4.4.4. will not go through the process of Zigbee Compliant Platform (ZCP) certification. This applies to all Silicon Labs parts. Customers will be unable to inherit ZCP certification for their Zigbee products using GSDK 4.4.3 or GSDK 4.4.4.

Silicon Labs recommends upgrading to GSDK 4.4.5 which is ZCP certified.

Customers wishing to certify their Zigbee products on the impacted GSDK versions will need to carry out the platform certification process in collaboration with the CSA. Note that all Silicon Labs GSDK releases are ZCP certifiable as they are tested internally for ZCP compliance.

Disclaimer

Silicon Labs intends to provide customers with the latest, accurate, and in-depth documentation of all peripherals and modules available for system and software implementers using or intending to use the Silicon Labs products. Characterization data, available modules and peripherals, memory sizes and memory addresses refer to each specific device, and "Typical" parameters provided can and do vary in different applications. Application examples described herein are for illustrative purposes only. Silicon Labs reserves the right to make changes without further notice and limitation to product information, specifications, and descriptions herein, and does not give warranties as to the accuracy or completeness of the included information. Silicon Labs shall have no liability for the consequences of use of the information supplied herein. This document does not imply or express copyright licenses granted hereunder to design or fabricate any integrated circuits. The products are not designed or authorized to be used within any Life Support System without the specific written consent of Silicon Labs. A "Life Support System" is any product or system intended to support or sustain life and/or health, which, if it fails, can be reasonably expected to result in significant personal injury or death. Silicon Labs products are not designed or authorized for military applications. Silicon Labs products shall under no circumstances be used in weapons of mass destruction including (but not limited to) nuclear, biological or chemical weapons, or missiles capable of delivering such weapons.
